NIAGARA ON THE LAKE
PUBLIC LIBRARY

Homebound Service

The Library Homebound Service ensures individuals who are confined to their homes due to age, physical or visual disability, or temporary immobilization have access to a wide range of the library's materials.

This is a free service for Niagara-on-the-Lake residents. Volunteers will deliver materials, including large or regular print books, audio books, CDs and movies directly to your home.

Materials are selected based on the preferences and requests detailed on your application.

Please complete the registration form if you are interested in receiving materials through the Homebound program and return it to staff at Niagara-on-the-Lake Public Library.

For more information and details about the programs, please contact:

Sylvia Eady
905-468-2023
